## 4 Good Reasons to use Nugget 4 Way Sheep Block

1. Delivers high levels of 4 different forms of Zinc to cater for the wide variety of nutrient interactions that can occur in different soils and forages. These interactions often suppress the uptake of vital minerals such as zinc.
2. Such high levels of zinc will help harden your sheep's hooves, improve overall hoof health and reduce the incidence of lameness in your flock.
3. The increased levels of Selenium and Vitamin E are extremely beneficial in terms of disease prevention and avoidance of white muscle disease (Muscular Dystrophy).
4. The high levels of all trace elements and vitamins will ensure optimum sheep thrive.
